

Frohardt 2012 ISAT Companion Statement

Areas of Success:

- As a whole, our students are well above the 85% required this year by NCLB for Math:
 - Math – Building-wide score dropped slightly from last year's 92.4% to 91.3% this year
 - All sub groups exceeded the AYP minimum target
 - Reading - Building-wide score improved greatly from last year's 77.6% to 81.5% this year
 - All sub groups showed improvement
- Attendance - Students are well above the 91% required this year improving from 93.2% to 94.5 % school wide.
- Building wide progress monitoring through Think Link, STAR and SEL testing
- Compilation of progress data to evaluate instruction and textbooks for the most effective method of instruction
- Title Teacher and Title Aide push-in to classrooms to address the needs of students in the classroom setting as well as small group instruction with students identified as needing extra help on specific skills
- Increased communication with parents through Parent Access on the Skyward Program
- Resource pushed-in to classrooms to address the needs of resource students in the classroom setting
- Perfect Attendance promotion through monthly incentives
- Expanded use of Study Island.com website for ISAT preparation
- The Accelerated Reading Program in use for grades 1-5 to improve Reading scores
- Improved communication with parents through use of the agenda books and email
- Parent Involvement Nights help bring students, parents, and teachers together for fun-filled learning in an educational atmosphere
- Small group instruction of reading with first grade students to establish reading proficiency with students at an early age to increase reading success in future grades.
- Character Plus – Increase the sense of student belonging with Student Council, class meetings and character education with the staff and student body to improve behavior, ultimately resulting in higher learning performance and test scores

Plans for Improvement:

- Reading- Review Performance Profile Reports for areas needing improvement and emphasize those skills
- Math- Review Performance Profile Reports for areas needing improvement and emphasize those skills
- Response to Intervention - Use universal screeners for each grade level, and incorporate specialized interventions for students using testing data to target students with the greatest needs and initiate differentiated instruction to address those needs.
- Small group instruction of reading with various grade level students as a part of RTI to establish reading proficiency with students and increase reading success in future grades.
- Use the Read, Write & Gold Program for students with special needs.
- Extended Learning Program during school hours (recess) for students needing extra help
- Use after school planning times with entire staff to maximize educational improvements for all students.
- Analyze last year with this year's student progress data to improve instruction building-wide

Low-income students come from families receiving public aid; live in institutions for neglected or delinquent children; are supported in foster homes with public funds; or are eligible to receive free or reduced-price lunches.

IEP Students are those students eligible to receive special education services.

Limited-English-proficient students are those students eligible for transitional bilingual programs.

Mobility rate is based on the number of times students enroll in or leave a school during the school year.

Chronic truants are students who are absent from school without valid cause for 9 or more of the last 180 school days.

Total Enrollment is based on Home School.

** Due to the way Illinois school districts are configured, state averages for equalized assessed valuation per pupil and total school tax rate per \$100 are not provided.

Equalized assessed valuation includes all computed property values upon which a district's local tax rate is calculated.

Total school tax rate is a district's total tax rate as it appears on local property tax bills.

Instructional expenditure per pupil includes the direct costs of teaching pupils or the interaction between teachers and pupils.

Operating expenditure per pupil includes the gross operating cost of a school district excluding summer school, adult education, bond principal retired, and capital expenditures.

ACADEMIC PERFORMANCE

OVERALL STUDENT PERFORMANCE

These charts present the overall percentages of state test scores categorized as meeting or exceeding the Illinois Learning Standards for your school, district, and the state. They represent your school's performance in reading, mathematics, and science.

OVERALL ILLINOIS STANDARDS ACHIEVEMENT TEST (ISAT) PERFORMANCE

ISAT PERFORMANCE

These charts provide information on attainment of the Illinois Learning Standards. They show the percents of student scores meeting or exceeding Standards for the grades and subjects tested on ISAT.

PERFORMANCE ON STATE ASSESSMENTS

Federal law requires that student achievement results for reading, mathematics, and science for schools providing Title I services be reported to the general public.

The Illinois Standards Achievement Test (ISAT) is administered to students in grades 3 through 8. The Prairie State Achievement Examination (PSAE) is administered to students in grade 11. The Illinois Alternate Assessment (IAA) is administered to students with disabilities whose Individualized Education Programs (IEPs) indicate that participation in the ISAT or PSAE would not be appropriate.

Students with disabilities have an IEP (No Child Left Behind Act). An IEP is a written plan for a child with a disability who is eligible to receive special education services under the Individuals with Disabilities Education Act.

Reading and Mathematics are tested in grades 3 through 8 and 11. Science is tested in grades 4, 7, and 11.

In order to protect students' identities, test data for groups of fewer than ten students are not reported.

ILLINOIS STANDARDS ACHIEVEMENT TEST (ISAT)

The following tables show the percentages of student scores in each of four performance levels. These levels were established with the help of Illinois educators who teach the grade levels and learning areas tested. Due to rounding, the sum of the percentages in the four performance levels may not always equal 100.

- Level 1 -- Academic Warning - Student work demonstrates limited knowledge and skills in the subject. Because of major gaps in learning, students apply knowledge and skills ineffectively.
- Level 2 -- Below Standards - Student work demonstrates basic knowledge and skills in the subject. However, because of gaps in learning, students apply knowledge and skills in limited ways.
- Level 3 -- Meets Standards - Student work demonstrates proficient knowledge and skills in the subject. Students effectively apply knowledge and skills to solve problems.
- Level 4 -- Exceeds Standards - Student work demonstrates advanced knowledge and skills in the subject. Students creatively apply knowledge and skills to solve problems and evaluate the results.

Four Conditions Are Required For Making Adequate Yearly Progress (AYP):

1. At least 95% tested in reading and mathematics for every student group. If the current year participation rate is less than 95%, this condition may be met if the average of the current and preceding year rates is at least 95%, or if the average of the current and two preceding years is at least 95%. Only actual participation rates are printed. If the participation rate printed is less than 95% and yet this school makes AYP, it means that the 95% condition was met by averaging.
2. At least 85% meeting/exceeding standards in reading and mathematics for every group. For any group with less than 85% meeting/exceeding standards, a 95% confidence interval was applied. Subgroups may meet this condition through Safe Harbor provisions. ***
3. At least 91% attendance rate for non-high schools and at least 82% graduation rate for high schools.

* Includes only students enrolled as of 05/01/2011.

** Safe Harbor Targets of 85% or above are not printed.

*** Subgroups with fewer than 45 students are not reported. Safe Harbor only applies to subgroups of 45 or more. In order for Safe Harbor to apply, a subgroup must decrease by 10% the percentage of scores that did not meet state standards from the previous year plus meet the other indicators (attendance rate for non-high schools and graduation rate for high schools) for the subgroup. For subgroups that do not meet their Safe Harbor Targets, a 75% confidence interval is applied. Safe Harbor allows schools an alternate method to meet subgroup minimum targets on achievement.
